

MORAY

THE REAL
MACBETH

STORIES FROM THE SHADOWS

Shakespeare's tragedy tale of Macbeth is the intertwined story of both fact and fiction that was actually coined from "the real Scottish Macbeth" himself.

DID YOU KNOW....

■ Before he became King of Scotland Mac Bethad ruled the kingdom of Moray, where he was born, but unlike the Macbeth of Shakespeare's play, held a legitimate claim to the throne.

■ Shakespeare's tale spans over a time frame of 1 year, whereas in reality Mac Bethad was a far cry from the weak and unstable villain of the play and quite on the contrary, is perhaps the last of the great Celtic Kings of his time.
